

The 5th (November 25th 2019) IAESREC Science Cafe

The International Advanced Energy Science Research and Education Center (IAESREC) has started holding Science Cafes (IAESREC Science Cafe) from this semester.

In the 5th IAESREC Science Cafe, we invite Dr. Céline Olivier from University of Bordeaux. In this year, University of Bordeaux was selected as a partner University of Kyoto University in the “Strategic Partnership Program for the Enhancement of Research Capacity”. She is one of the active researcher at the Bordeaux side in the “International Research Project between Kyoto-Kumamoto-Bordeaux (IRP-CNPA)”.

It will be a good opportunity to feel the research of her, who is one of the candidate host researcher for the future PhD students in the double degree program. Please freely come and join us!

[Speaker 1]

Dr. Céline Olivier (Institute of Molecular Sciences (ISM), University of Bordeaux)

Title: “Linear and Nonlinear Chiroptical Properties of Artificial Aromatic Oligomers”

[Style]

Oral presentation style

[Time]

25th November (Mon) 10:00-11:30

[Venue]

IAESREC Seminar Room (Room 302),

Faculties of Engineering Integrated Research Bldg., Yoshida Campus

[Language]

English
