29th IAESREC Science Café

Special Seminar

Unconventional responses in condensed matter physics: from ferroaxial order to chirality induced spin selectivity

Speaker

Dr. Jagoda Sławińska

Associate Professor,
Zernike Institute for Advanced Materials, University of Groningen

Tuesday, November 10, 2026

15:00 ~

Active Learning Space, Room 401,
Advanced Energy Science Laboratory, Yoshida Campus, Kyoto University

What is the IAESREC Science Café?

Since 2019, the International Advanced Energy Science Research and Education Center (IAESREC) has organized Science Cafés, bringing together graduate students and researchers from diverse fields to share scientific ideas and engage in open discussions.
